

Diogo Gabriel Izele

Software Developer

EXPERIENCE

CWI Software

Systems Analyst

Aug 2023 - Present

I am currently working as a Systems Analyst at CWI Software, in the part of E-Commerce Support for Grupo Renner.

Mobile Developer (intern)

Jun 2022 - Jul 2023 - 1 year and 1 month

I joined the company through the Crescer program and worked on the App Camicado, from Grupo Renner, as a Mobile developer using React Native. My functions range from project maintenance to the implementation of new features.

SBSistemas

Front-End and Mobile Developer

Dec 2021 - Jun 2022 - 7 months

During my time at the company I worked in the creation and maintenance of the components of the company's internal design system. Also, I partially developed one of the apps in React Native.
