# Diogo Gabriel Izele

Software Developer

EXPERIENCE

Mobile Developer (intern)

CWI Software

Jun 2022 - Present

I joined the company through the Crescer program, and now I'm working on the Renner group's, on App Camicado , as a Mobile developer using React Native. My functions range from project maintenance to the implementation of new features.

Web Developer

SBSistemas

Dec 2021 - Jun 2022 - 7 months

During my time at the company I worked in the creation and maintenance of the components of the company's internal design system. Also, I partially developed one of the apps in React Native.
